Nature Photography

INTERESTS

Training

Job Creation

"The I-CAN Design Thinking Course helped me to think differently, creatively and provided me with a structure for problem solving of many community challenges."

Tawanda Madziya, an ambitious and dedicated individual from Athlone, Cape Town, is driven to make a positive impact on society. With a matriculation completion in 2020, Tawanda embarked on a journey towards a BSc in Computer Science at UNISA. Despite facing challenges and withdrawing during his second year in 2022, Tawanda remains determined to advance his skills.

His notable achievements include winning a gold medal in a physics Olympiad during grade 10 and attaining a silver medal in an IT Olympiad, showcasing his aptitude in the field. Currently pursuing coding certifications, Tawanda continues to hone his expertise.

Motivated by pressing social and economic issues, Tawanda aspires to provide opportunities to partially educated youth, enabling them to support their families, provide education for their children, and break the cycle of criminal behavior.

Tawanda's passion for effecting change and improving existing systems is an integral part of his character. Guided by his favorite quote, "The most chances missed are the ones not taken," he believes seizing opportunities is vital for personal and societal growth.

With a steadfast commitment to making a positive difference, Tawanda is prepared to contribute his skills, knowledge, and unwavering determination to any work environment. His unique insights, dedication to progress, and belief in the power of opportunity position him as an exceptional candidate for roles focused on addressing social and economic challenges and driving meaningful change.
