I-CAN STUDENT

"Keep going regardless of the obstacles that tries to block you from where you're headed."

"The I-CAN Design Thinking Course helped me to think differently, creatively and provided me with a structure for problem solving of many community challengers."

Janique Nicole Johnson, a resilient and ambitious individual from the vibrant community of Elsie's River, has emerged as a beacon of inspiration. Overcoming challenges and setbacks, Janique's journey began at Elsie's River High School, where she displayed remarkable dedication. In 2019, she successfully completed Grade 11, paving the way for her future accomplishments.

Janique pursued the Safety in Society Course at North Link, demonstrating her commitment to personal growth. However, in 2021, she made the difficult decision to drop out and explore alternative paths. During this period, Janique discovered her passions for reading, socializing, and fostering connections. Embracing entrepreneurship, she sought to empower others and challenge self-limiting beliefs.

Today, Janique celebrates her first job, a testament to her indomitable spirit. She assists schools through the Moms For Maths programme where she tutors children to become better at Mathematics. Her goal is to generate income and inspire others to break free from self-doubt. With resilience and determination, Janique is set to leave a lasting impact on her community and beyond
